

The background of the slide features a photograph of industrial equipment. On the left, there are three vertical green valves with red handwheels. On the right, there is a complex network of silver-colored pipes and larger valves, some with red handwheels. The scene is set outdoors, likely at a refinery or chemical plant.

# About us

Flow Control Solution Provider

# 01 About us

- We are a professional industrial valves manufacturer in Wenzhou, China, focus on supplying integrated solutions for industrial valves which are applied broadly in petroleum, chemical, metallurgical and power generation industries.
- We are a joint-venture marketing company established by the owners of three valves factories. So we have our own production bases, one factory is focus on ball valves and API 6A valves, one is focus on butterfly valve gate valve, globe valves, check valves and knife gate valves, and the other one is focus on plug valves and pressure relief valve. Our philosophy is to add value to our customers, so we are striving to offer better products and services to our customer to achieve win-win situation.
- We launched our quality management as ISO 9001, and awarded API 6D, API 600, API 607, CE/PED approvals for the products .And we are making continuous improvement on our product performance and quality control all the time.

# 01 About us

**CHALLENGER GL**

## ● Annual Output

Ten Thousand tons.

## ● Number Of Employees

200 employees , including 20 engineers

A silhouette of two hikers with backpacks standing on a rocky mountain peak. The sun is rising behind them, creating a bright glow and casting long shadows. The sky is a mix of blue and orange.

# Mission & Vision

## Mission

Our Mission is to set the very highest standards of service delivery in all aspects of our business. We put our customers at the very heart of our activities and constantly give challenge to our self to provide best of the quality product and services to clients and principals.

# Mission & Vision

## **Vision**

**Leading manufacturer in the fluid equipment industry.**

**Specialist in supplying chain management.**

**CHALLENGER GL**

Process Ability:  
Size up to 56",  
Rating up to 2500Lb

## Trunnion Side Entry Split Body

- Bolted Body – Forged or Cast Construction
- Soft / Metal Seated
- Self Relieving or Double Piston Effect Seat
- Anti Blow-Out Stem
- Double Block & Bleed
- Fire safe design according to API 6FA, API 607
- Antistatic Device
- Emergency Sealant Injection to Stem & Seats
- Materials in Accordance to NACE MR 01.75
- Above / Below Ground Installation
- Product Range: Size Range: 2"-56"
- Pressure Range: 150Lb-2500Lb
- Available Material: WCB, LCB, CF8, CF8M, CF3, CF3M, A105, LF2, F304, F316, F304L, F316L, 4A, 5A, 6A, F51, F55, ALLOY 625, ALLOY 825

## Process Double Block and Bleed

- Body / Forged Bonnet and Trim
- Split Body or Top Entry
- Soft / Metal Seated
- Self Relieving or Double Piston Effect Seat
- Anti Blow-Out stem
- Double Block & Bleed
- Fire safe API 6FA - API 607 – ISO 14097
- Antistatic device
- Emergency sealant injection to stem & seat
- Materials in accordance to NACE MR 01.75
- Above / below ground installation
- Full In-Line Maintenance either with vertical and horizontal stem (when Top Entry)

# Trunnion Top Entry

- Available Design Standard: API 608, API 6D, BS 5351, ASME B 16.34, API 6A, GOST
- Soft / Metal Seated
- FIRE SAFE DESIGN AS PER: API 607/ISO 10497
- Double Block & Bleed (DBB), Double Isolation & Bleed (DIB)
- Emergency seat and stem injection
- Anti-Static Device
- Product Range: Size Range: 2"-40"
- Pressure Range: 150Lb-2500Lb
- Available Material: WCB, LCB, CF8, CF8M, CF3, CF3M, A105, LF2, F304, F316, F304L, F316L, 4A, 5A, 6A, F51, F55, ALLOY 625, ALLOY 825

## Fully Welded Ball Valves

- Welded Body – Forged body and closure
- Soft / Metal Seated
- Self Relieving or Double Piston Effect Seat Anti
- Anti Blow-Out stem
- Double Block & Bleed
- Fire Safe API 6FA - API 607 – ISO 14097
- Antistatic device
- Emergency sealant injection to stem & seats
- Materials in accordance to NACE MR 01.75
- Above / below ground installation
- Size Range 2"-50"
- Pressure Range: 150Lb-2500Lb
- Available Material: A105, LF2, F304, F316, F51, F55

## Ball Valves Construction Materials

- CARBON STEEL
- STAINLESS STEEL
- DUPLEX AND SUPERDUPLEX
- HASTELLOYS
- INCONEL
- TITANIUM
- ANY CRA CLADDING

We are ready to supply any product to suit our client's specific requirements in all service conditions

Gate Valve

Slab Gate Valve

# OS&Y,BB Gate Valve

- Sizes Range: 2-48"
- Pressure Range: 150Lb-2500Lb
- Available Design Standard:  
API 600 ,API 603 , ASME B16.34
- Welding seat rings or -Renewable seat rings.
- Full or Reduced Bore
- RF, RTJ, or BW
- Rising stem and non-rising stem
- Bolted Bonnet or Pressure Seal Bonnet
- Flexible or Solid Wedge, fully guided
- AVAILABLE MATERIALS: A216 WCB, WC6, WC9, A350 LCB, A351 CF8, CF8M, CF3, CF3M, A995 4A, A995 5A, A995 6A, Alloy 20, Monel, Inconel, Hastelloy

# Slab Gate Valve

- Sizes Range: 2"-48"
- Pressure Range: 150Lb - 1500Lb
- DESIGN FEATURES
  - Easily maintenance
  - Inline repairable
  - Full bore, through-conduit-Double block and bleed
- Design Standards API 6D ASME B16.34
- AVAILABLE MATERIALS: Carbon Steel, Stainless Steel, Alloy Steel, Duplex Stainless Steel, Inconel, Hastelloy

## OS&Y,BB Globe Valve

- Connection: RF, RTJ, or BW
- Outside Screw & Yoke (OS&Y), Rising stem
- Bolted Bonnet or Pressure Seal Bonnet
- Design & manufacture according to BS 1873
- Also available per NACE MR-0175, NACE MR-0103, ISO 15848, API 624
- Different type of disc available
- Sizes NPS 2 to NPS 24; Rating: 150LB-2500LB
- AVAILABLE MATERIALS: WCB, LCB, LCC, WC6, WC9, CF8, CF8M, CF3, CF3M

# Triple Eccentric Butterfly Valve

- Sizes NPS 2 to NPS 76
- Class 150 to Class 600
- Flange, Wafer, Lug or BW
- FEATURES:
  - Low friction between seat and disc of valve.
  - Zero Leakage design.
  - Standard laminated resilient disc seal to 800°F(427°C).
  - Low torque enables the compact actuator and a long cycle life.
  - Blow-out proof shaft.
- Available in Cast iron, A216 WCB, A217 WC6, WC9, A351 CF3, CF8, CF3M, CF8M, A995 4A, 5A, A352 LCB, LCC, LC2, Monel, Inconel, Hastelloy (Casting)

# High Performance Butterfly Valve

- With Bidirectional Sealing
  - 150LB-300LB, NPS2-NPS48
  - 150LB-300LB: NPS2-NPS48
  - 600LB-900LB: NPS4-NPS40
  - 1500LB: NPS6-NPS24
- Double Flange Connection Type
  - 150LB-300LB: NPS2-NPS56
  - 600LB-900LB: NPS4-NPS40
  - 1500LB: NPS6-NPS24
- Zero Leakage
- The design of our high performance butterfly valve offers rugged reliability and extremely easy maintenance in the field

## Lubricated Plug Valve

- Lubricated plug valve are metal seated valves providing a tight shut off ( 0 leakage ) sealing.
- It has the structure of flip-chip balance able pressure and light on/off operation.
- An oil groove is set between valve body and seal surface, which may infuse the seal grease to increase the seal capability.
- Design & manufacture according to API 6D
- Production Range:  
-DN 1/2" to 48"
